

Alerta - Wireless - Nurse Call Button

- Provides the user with reassurance that help is at hand. With a large easy to press button it activates the alarm when a user presses the button. This alerts the caregiver to ascertain the user's need.
- Connects to a nurse call system through the Alerta Alarm Monitor for centralised activation and comes with a lanyard, and a holder that can be wall mounted, so it can always be used remotely within the homecare environment.
- Simple plug and play ensure carer can quickly set up and operate with ease.
- High and low volume alert.
- Requires the Alerta Wall Point Receiver to work - sold separately.
